I totally agree; I don't know why it didn't work this time because as you said it's worked all other times. Please for sure call me at 763-682-1414 if you're unable to log in/on in the future and we'll work it out and figure out how to get you (and anyone else) logged on!

Thanks again!

Okay, thanks for letting me know. I went to the conference room and was able to connect using the PIN, but I was the only one on the call. So I came back to my desk and saw these messages.

I think we need to have a better back up plan for troubleshooting problems in the future. Should I call the number in your signature in the future if I can't log on a few minutes before we're supposed to start? Or what number should I use for Kent?

Nancy

Nancy,  
We apologize but it looks like whatever the issues are have prevented the call from working. We're really sorry for the inconvenience but will "see" you on the next call!

Again, sorry for the confusion!

Nope. Same thing.

What is the four digit audio PIN?
